Garrison
Dental Solutions

Dear Valued Customer,

I would like to wish you a happy and prosperous New Year 2021!

We, at Dental Fix, are looking forward to what the future will bring to the dental industry.

The previous year has been a year full of changes, challenges and adjustments to the way we do business.

Dental Fix's team has worked hard to help you re-open your businesses safely and keep your equipment up and running, so that you can focus on your practice.

We have recently merged with a merchandise company, which allowed us to offer a streamlined, simplified, one stop shopping experience.

Our acquisition has been a tremendous success, was welcomed positively by our existing customers, and has allowed new customers from coast to coast to experience the Dental Fix difference.

I would like to thank you for your continued trust and support.

In the New Year, Dental Fix will focus on offering a wide range of services and products to meet the daily needs of dental professionals. From equipment repair, testing and new office design - to fulfilling your daily supply needs. Our fully trained professionals are standing by to assist you.

Please visit our website www.dentalfix.ca to learn more about our company and take advantage of our exciting promotions.

You can also follow us on social media to view our latest promotions:

DiaPrep Pro EDTA Root Canal Preparation Cream

#DIA-2002-4100

Sale \$25.99

Reg. \$27.99

BENEFITS AND EFFECTIVENESS:

EDTA removes smear layer, softens dentin and facilitates the removal of calcific obstruction
Urea Hydrogen Peroxide reacts with Sodium Hypochlorite to produce oxygen bubbles that flush out debris within the canal

The lubricant medium facilitates instrument movement within the canal to eliminate instrument binding or breakage

Unclogged dentin tubules and apical area permit better penetration of root canal medicaments and fillings

Rapid cleaning and enlarging of canals because EDTA softens canal walls and removes calcium deposits

EDTA paste is easier to place into canals than EDTA liquid solution
