

Experience High Definition Vision.

NOW MORE DURABLE!

The brighter the workspace, the better the illumination and visibility. With Zirc's Crystal HD® Mirrors, you are working with a visually brighter environment than standard lenses. These mirrors feature a flush surface, so no corrosion build-up occurs.

Autoclavable. Available in all colors.

Every Office Can Improve On Efficiency

Schedule a discovery call today and see what our consultants can do for your practice!

Organization to refresh your practice.

A Rainbow of Possibilities

Organize your team's clinical workflow with minimal effort, with our tubs and trays. Store procedure specific materials in one tub that moves easily from operator to sterilization. Trays provide a safe and easy way to transport your pre-set procedure instruments.

Rethink resin.

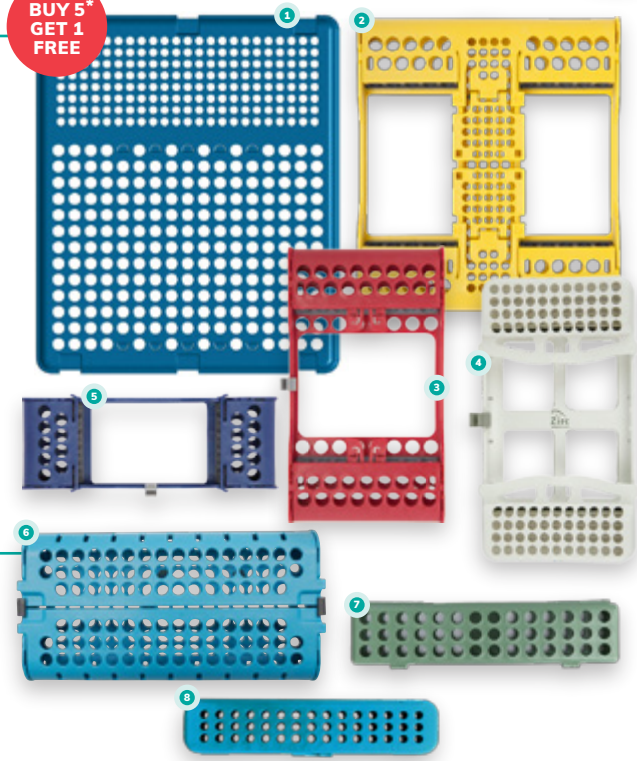

Zirc's resin products ensure durability and cost significantly less than its metal competitors, allowing your practice to add more as it grows. With 16 available color options, our products encourage efficient color-coding within our Color Method system.

Cassettes

A low-cost investment with a quick return! Individual instrument handling takes time away from treating patients and increases overall reprocessing time. Zirc's cassettes improve instrument efficiency, safety, and compliance without breaking the bank.
